

Where Can I Start?

The placement tests are organized into **3 Test Sequences: Basic, General, and College**. You may choose to start at the first test for any of these 3 sections thus **Test Part A, E1 or G**. There are times when taking an individual test is appropriate; talk to the testing staff for assistance.

Your test scores and course placements are valid for four terms.

Sequence	Test Part	What Material is Covered?	Score	Qualifies as Pre-requisite For?	Student Score
Basic	A	Basic Math Whole Numbers	7-10	MTH 010	_____
	B	MTH 010 Fractions and Decimals	7-10	MTH 020	_____
	C	MTH 020 Math Renewal	7-10	MTH 025, 052, 060, 076	_____
	(Optional) D	MTH 052 Intro to Physical Science	7-10	Serves as a prerequisite for any course that requires MTH 052.	_____
General	E1	MTH 060 Beginning Algebra	7-10*	MTH 065	_____
	E2	MTH 065 Elementary Algebra	7-10*	MTH 095	_____
	F	MTH 095 Intermediate Algebra	14-20	MTH 097, 105, 111, 096, 211, 213	_____
	* An exception is MTH 070 which requires minimum scores of 6 on each E1 and E2.				
College	G	MTH 111 College Algebra	14-20	MTH 241, 243	_____
	H	MTH 097 Geometry	7-10	MTH 112**	_____
	I	MTH 112 Trigonometry	7-10	MTH 231, 251**	_____
	* * To use Part H to place into MTH 112 you must have also taken or tested out of MTH 111 (Part G). To use Part I to place into MTH 231 or 251 , you must have also taken or tested out of MTH 111 (Part G) and MTH 097 (Part H).				

Calculator Usage Restrictions

Parts A, B, C, D, E1, E2 - No Calculator Use Allowed

Part F - Scientific Calculator Allowed

Part G, H, I - Graphing Calculator Allowed

Tips

There are Review Sheets available online at <http://www2.lanecc.edu/math/math-review-sheets>. They are also available for sale through the Titan Bookstore.

Re-test Info

You are allowed one re-test on an alternative version of the test. If you have taken any one test twice, you must wait three months before taking that test part again.

Score 6 or Less on Part A?

Contact **Adult Skills Development Department** (bottom of stairs below bookstore) for free, non-credit math instruction. 541-463-5214
